PURPOSE

Advance the power of technology and innovation to serve and protect our world

VISION

We will be our nation's most trusted solutions integrator to secure and digitally evolve U.S. critical missions with our customers

MISSION

Partner with our customers to transform government, by creating and integrating digital solutions that address national imperatives with our diverse talent and innovative tech

VALUES

Integrity. Demand unwavering honesty, ethics and authenticity in yourself and others

Innovation. Empower our people to take appropriate risks and leverage emerging technology to solve our customers' most complex problems

Inclusion. Respect and value our people and passionately partner with our customers and our communities

OUR BUSINESS

SAIC is the home of integrators, collaborators and visionaries who never stop reaching beyond their limits. Our capabilities and services create the best possible future for our customers through innovative, effective and efficient solutions. From cyberspace to outer space and everything in between, no reach is too far.

It's what happens when you **bring on tomorrow.**

NATIONAL IMPERATIVES

Undersea Dominance

Deliver systems to ensure the U.S. maintains proactive control over every threat in the undersea domain

Border of the Future

Support integrated systems across all ports of entry (i.e., land, sea, air) for all U.S. travel, trade, contraband detection and immigration functions

Citizen Experience

Drive commercial-quality USG service delivery through scalable solutions that innovate mission outcomes of legacy systems

All-Domain Warfighting

Develop integrated conflict deterrence, combat preparedness and data connectivity capabilities for the U.S. Military and Intelligence Community

Next Gen. Space

Integrate advanced mission solutions to enable space traffic management, space domain awareness and battle management to achieve mission decision support superiority
