

# EXPLORANIUM® GR-135

**ANNUAL PERFORMANCE SERVICE**  
TESTING, CALIBRATION AND UPGRADES FOR PEAK PERFORMANCE

Your EXPLORANIUM GR-135 radioactive isotope identification device (RIID) needs annual maintenance to stand up to the wear and tear of normal use. SAIC's performance service – including testing, calibration, adjustment, software upgrades and more – will help you keep your GR-135 unit operating at its best.

#### PERFORMANCE SERVICES

SAIC's annual performance service includes the following:

- ▶ Detailed physical inspection
- ▶ Thorough testing of all functions
- ▶ Calibration and adjustment for all types of measurements
- ▶ Software upgrade to the latest version
- ▶ Notification of any additional service needs

#### YOUR LEADING SERVICE PROVIDER

As the manufacturer of the GR-135 RIID, SAIC provides the best maintenance service available. And with a turnaround time of about 10 business days (not including shipping time), your GR-135 unit can be back in service in just a few weeks.

To get started, contact SAIC's Security and Transportation Technology Help Desk at:

**Tel:** 877-482-2474

**Fax:** 858-826-1560
