Attachment A
Novation Agreement

NOVATION AGREEMENT

LEIDOS, INC., a corporation duly organized and existing under the laws of the State of Delaware with its principal office at 11955 Freedom Drive, Reston, VA 20910, ("Transferor"); and SCIENCE APPLICATIONS INTERNATIONAL CORPORATION (Transferee), a corporation duly organized and existing under the laws of the State of Delaware with its principal office at 1710 SAIC Drive, McLean, Virginia 22101,; and the UNITED STATES OF AMERICA ("Government") enter into this Agreement effective as of July 7, 2014.

(a) The parties agree to the following facts:

- (1) The Government, represented by various Contracting Officers of the agencies shown in Exhibit A, has entered into certain contracts with the Transferor as shown in Exhibit A and incorporated in this Agreement by reference. The term the "contracts" as used in this Agreement, means the contracts set forth in Exhibit A and all related purchase orders and other contracts and purchase orders, including all modifications thereto, made between the Government and the Transferor with respect to the contracts set forth on Exhibit A before the effective date of this Agreement (whether or not performance and payment have been completed and releases executed if the Government or the Transferor has any remaining rights, duties, or obligations under these contracts and purchase orders). Included in the term the "contracts" are also all modifications made under the terms and conditions of these contracts and purchase orders between the Government and the Transferee, on or after the effective date of this Agreement.
- (2) In connection with the separation of LEIDOS HOLDINGS, INC., a Delaware corporation with its principal office at 11955 Freedom Drive, Reston, VA, [which was formerly known as SAIC, INC.] ("Parent"), into two independent publicly traded companies, Parent completed an internal reorganization, which included, as of September 27, 2013, the transfer by Transferor to Transferee of certain assets of the Transferor, including the contracts, pursuant to a Distribution Agreement between Parent and Transferee. Parent completed the separation transaction on September 27, 2013 by distributing all of Transferee's outstanding common stock to the stockholders of Parent to create an independent, publicly traded company.
- (3) The Transferee has acquired all of the assets of the Transferor related to the contracts by virtue of the above transfer.
- (4) The Transferee has assumed all obligations and liabilities of the Transferor under the contracts by virtue of the above transfer.
- (5) The Transferee is in a position to fully perform all obligations that may exist under the contracts.
- (6) It is consistent with the Government's interest to recognize the Transferee as the

successor party to the contracts.

(7) Evidence of the above transfer has been filed with the Government.

(b) In consideration of these facts, the parties agree that by this Agreement -

- (1) The Transferor confirms the transfer to the Transferee, and waives any claims and rights against the Government that it now has or may have in the future in connection with the contracts.
- (2) The Transferee agrees to be bound by and to perform each contract in accordance with the conditions contained in the contracts. The Transferee also assumes all obligations and liabilities of, and all claims against, the Transferor under the contracts as if the Transferee were the original party to the contracts.
- (3) The Transferee ratifies all previous actions taken by the Transferor with respect to the contracts, with the same force and effect as if the action had been taken by the Transferee.
- (4) The Government recognizes the Transferee as the Transferor's successor in interest in and to the contracts. The Transferee by this Agreement becomes entitled to all rights, titles and interests of the Transferor in and to the contracts as if the Transferee were the original party to the contracts. Following the effective date of this Agreement, the term "Contractor" as used in the contracts shall refer to the Transferee.
- (5) Except as expressly provided in this Agreement, nothing in it shall be construed as a waiver of any rights of the Government against the Transferor.
- (6) All payments and reimbursements previously made by the Government to the Transferor, and all other previous actions taken by the Government under the contracts, shall be considered to have discharged those parts of the Government's obligations under the contracts. All payments and reimbursements made by the Government after the date of this Agreement in the name of or to the Transferor shall have the same force and effect as if made to the Transferee, and shall constitute a complete discharge of the Government's obligations under the contracts, to the extent of the amounts paid or reimbursed.
- (7) The Transferor and the Transferee agree that the Government is not obligated to pay or reimburse either of them for, or otherwise give effect to, any costs, taxes or other expenses, or any related increases, directly or indirectly arising out of or resulting from the transfer or this Agreement, other than those that the Government in the absence of this transfer or Agreement would have been obligated to pay or reimburse under the terms of the contracts. Expenditures in connection with planning or executing the organization or reorganization of the corporate structure of old SAIC, Leidos, Inc., SAIC Gemini or new SAIC, as to the extent referenced as such in FAR 31.205-27, are unallowable.

- (8) The Transferor guarantees payment of all liabilities and the performance of all obligations that the Transferee---
- (i) Assumes under this Agreement; or
 - (ii) May undertake in the future should these contracts be modified under their terms and conditions. The Transferor waives notice of, and consents to, any such future modifications.
- (9) The contracts shall remain in full force and effect, except as modified by this Agreement. Each party has executed this Agreement as of the day and year first written above.
