

Vishal Tulsian

Vice President, Operations
State/Local, Healthcare, and Federal Financial

Vishal Tulsian is vice president of operations for SAIC's state/local, healthcare and federal financial business. In this role, he is responsible for account management, client satisfaction, sales, and quality standards associated with all services provided by SAIC within this portfolio.

Tulsian brings more than 20 years of experience in management and successful delivery of information technology services to SAIC. Prior to joining SAIC in 2013, Tulsian was a director of portfolio and investment management with CGI, a global system integration and consulting services firm.

During his nine-year tenure with CGI, his work involved managing \$745 million global portfolio of intellectual property based solutions for the government, retail, the energy vertical, and healthcare markets. He was also a chief operating officer for the Solutions Group, managing approximately \$400 million in annual revenue for the company's state and local markets.

Before joining CGI, Tulsian was a manager of financial reporting for American Management Systems (AMS), an IT consulting firm, where he worked for six years in various roles, including delivery, consulting, finance, and operations.

Tulsian holds a bachelor's degree in Neuroscience from University of Rochester and is a graduate of the General Management Program (GMP) from Harvard Business School.
