SAIC is the home of integrators, collaborators, and visionaries who never stop reaching beyond their limits. Our capabilities and services create the best possible future for our customers through innovative, effective, and efficient solutions. From cyberspace to outer space and everything in between, no reach is too far. Bring on tomorrow.

## INFORMATION TECHNOLOGY

### Enterprise IT
- Cloud integration
- Digital platform services
- Infrastructure engineering and modernization
- IT operations and business integration
- Personal compute services
- Transformation services
- User experience and support

### Software
- Application modernization and migration
- Artificial intelligence/machine learning enabled software development
- Cloud-native software development
- Mission and enterprise software development

### Cyber
- Cyber training
- Cyberspace operations
- Governance, risk, and compliance
- Infrastructure security
- Security operation and incident management

## ENGINEERING AND MISSION SUPPORT

### Advanced Analytics and Simulation
- Analysis services
- Data frameworks and environments
- Data management processes and toolkits
- Mission applications and tools
- Modeling and simulation

### Engineering, Integration, and Logistics
- Design and integration
- Digital engineering services
- Integration product support
- Logistics and supply chain services
- Systems engineering

### Training and Mission Solutions
- Acquisition management support
- Training asset development
- Training delivery
- Training infrastructure and support
- Program management, business, and office support
- Strategic comms and multimedia production
