

KENNETH CREWS

Executive Vice President and Chief Financial Officer-Elect

Kenneth Crews is the Executive Vice President and Chief Financial Officer-Elect of SAIC. With annual revenues of \$7.3 billion and approximately 23,000 employees, SAIC provides engineering, digital, artificial intelligence, and mission solutions across the defense, space, intelligence, and civilian markets.

Crews has extensive background, knowledge, and understanding of the sector as a senior finance executive with over two decades of experience in the defense and government services industries.

Before joining SAIC in October 2026, Crews most recently served as the Corporate Vice President and CFO for Northrop Grumman Corporation, where he oversaw the company's enterprise-wide business management and finance functions, encompassing the controller, treasury, contracts and pricing, financial strategy and planning, M&A, tax, internal audit, investor relations, trust administration, investments, and sector business management. Prior to his appointment as CFO for Northrop Grumman Corporation in October of 2024, Mr. Crews served as Vice President of Corporate Finance from July 2024 to October 2024, and Vice President and CFO for multiple sectors, including the Space Systems and Mission Systems sectors from December 2020 to July 2024, where he led financial strategy execution and all business management activities. He also previously held senior leadership roles including Vice President of Business Management for the Navigation, Targeting and Survivability division and Director of Corporate Financial Planning and Analysis throughout his tenure at Northrop Grumman.
